Kuningan, Jawa Barat

My name is Riki Muhamad Fadilah, and I am a college student at University Muhammadiyah Kuningan. I have more than 2 years of experience as a Website Developer, with a strong focus on frontend development using Tailwind and React Js. I am particularly advanced in Tailwind, especially when it comes to building view pages and landing pages. In Backend I am particularly advanced in Laravel Framework. I have a passion for programming and have been actively learning and improving my skills since I was in school.
